Who is the MDWFA?

We are a grass roots organization run by Waterfowlers who cherish the right and opportunity to hunt waterfowl here in Maryland.

The Maryland Waterfowlers Association (MDWFA) was formed in 2005 as the successor organization to the Potomac River Waterfowlers Association and has grown into an effective voice for Waterfowlers across the state. The MDWFA is the only Sportsmen's organization that is dedicated exclusively to the issues and participants of waterfowl hunting in Maryland. The Maryland Waterfowlers Association has the same mission and passion that it started with, to protect and further the sport of waterfowling here in Maryland.

Today, the challenges are many as we strive to pass our heritage on to the next generation.

State budget limitations and pressure at the local, state and national levels from the anti-hunting lobby and development continue to threaten the future of waterfowling in our state. We can't take our local rights for granted anymore. It takes great numbers to make a difference and a central voice to speak for us all. Backed by an organized army of waterfowlers, we strive to improve our sport as well as the opportunities available to waterfowlers in Maryland.

Why join the MDWFA? Because the dollars you spend with us are used to preserve your waterfowling rights exclusively in the State of Maryland.

That's what we do and we do it well. We have memberships available for everyone's budget and simply ask that you join us today so that we can all hunt tomorrow!

Please mail your membership in today!

MDWFA Accomplishments

2007

- Added blind sites on St. Mary's Lake and Sandy Point State Park;
- Designed, built and donated Handicap blind to Millington WMA;
- Inspected Wood Duck Boxes throughout the state with the Maryland Wood Duck Initiative;

2006

- Reorganized as the Maryland Waterfowlers Association;
- Got the minimum yardage reduced for the Baltimore and Harford County Offshore Waterfowl Zones;
- Assisted Maryland DNR in persuading the Atlantic Flyway Council to maintain the 2 bird limit for bluebills;

As the PRWA:

In 2005, with HB-380, we reduced shore distance requirements from 800 to 400 yards; addressed hunter access issues at Gunpowder and Susquehanna state park blind sites. In 2004, we provided wood

duck boxes to DNR to help replenish wood duck population in MD; Held youth hunts in 3 regions; Defended squatter rights on Eastern Shore; Made recommendations to DNR for increased hunting opportunities on Eastern Shore & Monocacy River NWMA. In 2003, we defeated Natural Park Service's second attempt to eliminate access to blind sites at Piscataway Park and assisted DNR on lease renewals; and we assisted MDWFA members in Brunswick to re-open waterfowl hunting within city limits on the Potomac River.
